To the Stockholders of the W. T. Grant Company:

Some of the more important factors in connection with the operation of your company during the fiscal year ended January 31, 1941 follow:

SALES

Sales of \$111,774,965 were the largest in the company's history. This is an increase of \$8,013,280, or 7.7% over the \$103,761,685 of the previous year.

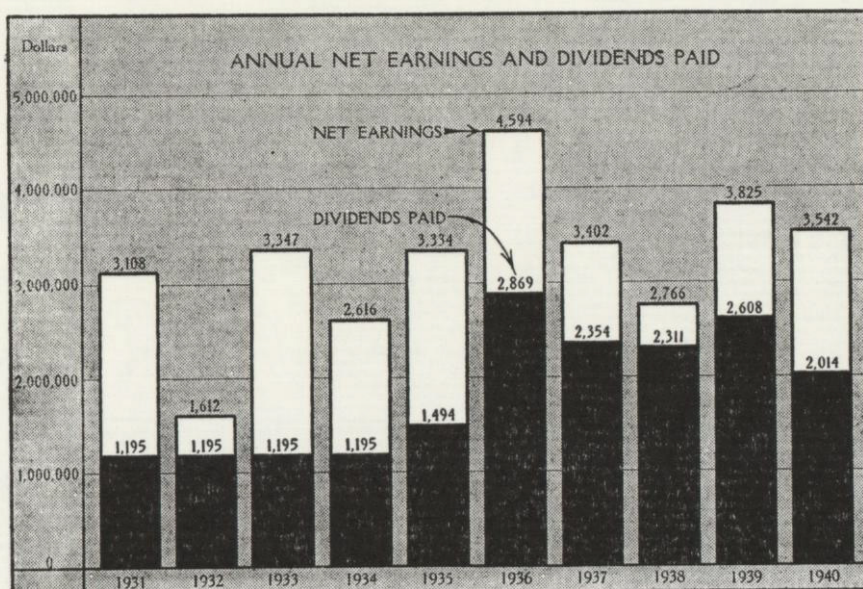

PROFIT

Profit for the year was \$3,542,211. This was a decrease of \$282,785 from the \$3,824,996 profit of the previous year. Earnings per common share after provision for the \$1.00 annual dividend on the preferred stock were \$2.68 compared to \$2.92 for the previous year.

DIVIDENDS

The full dividend of \$1.00 per share was paid on the preferred stock. Four quarterly dividends of 35 cents were paid on the common stock, a total for the year of \$1.40 per share. For the previous year \$1.90 per share was paid on the common stock. It was the opinion of your directors that a larger common stock dividend for the past year would have been unwise in view of the lower profit, the need for additional funds to provide for increased inventories and store modernization, the uncertain economic conditions and added taxes.

FINANCIAL CONDITION

On January 31, 1941, current assets of the company were \$26,734,407 including \$8,716,863 in cash, as compared with current liabilities of \$6,863,686. Working capital at the year end was \$19,870,721, an increase of \$1,094,840 during the year.

Surplus increased by \$1,562,533 during the year and was \$18,708,661 on January 31, 1941.

INVENTORIES

Merchandise inventories at the end of the year as shown on the balance sheet were \$17,782,398, an increase of \$4,494,792 over the amount shown at the end of the previous year. A substantial part of the increase is merchandise in transit from sources to stores, an item not shown on the balance sheet of previous years. The additional increase in inventories was required because of increased sales and because of earlier arrival in the stores of some lines of seasonal merchandise. The long established policy of your company of maintaining a conservative inventory position is being continued. Inventories are priced at cost or market, whichever is lower.

TAXES

Total taxes were \$3,826,462. This does not include \$738,865 in sales taxes collected from customers and paid to the various municipalities and states for which collected, nor does it include \$147,905 unemployment and social security taxes withheld from employees' salaries and wages, which amount was transmitted to the State and Federal Governments.

Federal income taxes were \$1,526,000, an increase of \$566,000 over the amount paid the previous year. The increase in this item of taxation is greater than the decrease in profit. Net profit before Federal income taxes was \$5,068,211 for 1940 compared to \$4,784,996 for 1939.

NUMBER OF STORES

During the year new stores were opened in Denver, Colorado; Cleveland, Ohio; Milwaukee, Wisconsin; and Amsterdam, New York. Four small unprofitable stores were closed. The number of stores was the same at the beginning and end of the year: 492.

CORPORATE SIMPLIFICATION

At the close of business January 31, 1941, the W. T. Grant Company, incorporated in Massachusetts, which was formerly the operating company, was liquidated into the parent company, W. T. Grant Company, a Delaware corporation. The stock now outstanding in the hands of the public is the stock of the W. T. Grant Company, the Delaware corporation, which now owns all of the physical assets and operates the stores of the company. The sole subsidiary of the company is the W. T. Grant Realty Corporation, in whose name properties owned in fee are purchased.

Your management welcomes any inquiry or suggestion from the stockholders relating to the company's affairs.

RAYMOND H. FOGLER,
President and General Manager

WILLIAM T. GRANT,
Chairman of the Board of Directors

KARL D. GARDNER,
Chairman of the Executive Committee

This chart compares "Taxes Paid" with "Net Profit after Taxes." A trend over 15 years is shown by using five year intervals. Taxes shown are divided between "Federal Taxes" and "State and Local Taxes," both showing continued increases, particularly between 1935 and 1940.

Sales taxes collected from customers and social security taxes collected from employees have not been included.

In 1940, for the first time, Total Taxes exceeded Net Profit.

AUDITORS' REPORT

To The Board of Directors,
W. T. Grant Company,
New York, N. Y.

We have examined the consolidated balance sheet of W. T. Grant Company (a Delaware Corporation) and its subsidiary as of January 31, 1941, and the consolidated statements of profit and loss and surplus of this Company and its subsidiaries for the year then ended, have reviewed the system of internal control and the accounting procedures of the companies and, without making a detailed audit of the transactions, have examined or tested accounting records of the companies and other supporting evidence, by methods and to the extent we deemed appropriate.

At the close of business January 31, 1941, the Company acquired the assets and assumed the liabilities of a wholly owned subsidiary, W. T. Grant Company (a Massachusetts Corporation), in accordance with a Plan of Liquidation of such subsidiary, and the accompanying statement of profit and loss includes the operations of that subsidiary for the fiscal year then ended.

In our opinion, the accompanying consolidated balance sheet and related consolidated statements of profit and loss and surplus present fairly the position of W. T. Grant Company and its subsidiary at January 31, 1941, and the results of the operations of the Company and its subsidiaries for the year, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.
